The Republic of Paraguay is one of the most business friendly countries in South America. Recent political changes in the country foster growth and expansion of foreign ventures. The 2017 Forum will focus on business and investment opportunities for Wisconsin companies in Paraguay. By establishing strong ties between Paraguayan government officials and Wisconsin businesses, local government and academia, the forum will highlight the Midwest region business sector with emphasis on Wisconsin's agricultural sector and its cutting edge technology used in food and dairy industries.

Forum attendees will develop an understanding of Paraguay's resources, import and export similarities and opportunities, as well as explore potential business partnerships. Forum panel sessions will cover topics such as: Paraguayan Government and Economics, Agricultural Production, investment potential in Public Works and Infrastructure, Opportunities in Agronomic, Dairy and Natural Resources.

Friday morning will offer the opportunity to engage in a discussion and dialogue with representatives of the Paraguayan Government, private sector leaders and foreign investment experts. Participation is open and free to members of Metropolitan Milwaukee Association of Commerce (MMAC), lunch and soft drinks will be served during this event. Paraguay Economic Forum was founded in 2012 by Peter M. Tase and Dr. V. Kanti Prasad, Dean of the Lubar School of Business (University of Wisconsin – Milwaukee) in partnership with: Dr. Alberto Manuel Poletti Adorno; Dr. Ramon Alberto Aquino Mora and Dr. Victor Brítez Chamorro, Chancellor of National University of the East (Ciudad del Este-Paraguay) and Dr. Blas Oddone.
