

Stefan is a renowned expert in international business development. He leads both on projects with global corporate clients as well as public export promotion agencies.

Stefan holds a Master's degree in Business Administration from Münster University and has been active as a consultant in the fields of strategic business development, sales, marketing, internationalization, economic development as well as foreign direct investment promotion for more than two decades. AHP International is actually built on Stefan's start-up as entrepreneur straight from University in Münster, Germany where he started his first consulting business still studying in the early 1990s.

Out of the Berlin headquarter Stefan Peikert leads the global Group as Managing Partner and is president of AHPI's sister companies in Poland and the United States. Throughout his career, Stefan has worked with over 1,000 primarily middle market businesses across all sectors who were seeking international expansion. Stefan's expertise has been to take a company's international strategies hands-on and deliver on the ground in-market project success. Europe and North America are his personal regional focus markets, while working also in Africa and Asia.

Stefan among other engagements, has been appointed as Speaker of the Forum Internationalization of the SIBB, IT and Digital Network of the German Capital Region Berlin-Brandenburg and Chairman, Regional Committee Berlin-Brandenburg of the BCCG British-Chamber of Commerce in Germany e.V
