

Bio for June 23 2023 RT

Linda Zuehlke is the Global Import Manager for Rockwell Automation located in Milwaukee, WI. She is a member of the Global Trade Compliance team which is part of the Office of General Council.

She has a background in both logistics operations and import/export compliance and is a licensed US Customs Broker. She has developed and managed compliance programs at Trek Bicycle, GE Healthcare, GE Oil & Gas and now Rockwell Automation.

Rockwell Automation, the world's largest company dedicated to industrial automation and information, makes its customers more productive and the world more sustainable. Throughout the world, the flagship Allen-Bradley® and Rockwell Software® product brands are recognized for innovation and excellence.

Linda has served as a long-time member of the advisory committee for global business at Waukesha County Technical College and has instructed Import Compliance classes for international trade students in the local community. She is well-traveled and has provided comprehensive presentations at International Trade Conferences throughout the years.
